## COMPLETE PROFILE DATABASE

Proposed for : St Thomas Aquinas  
College - Okokomaiko

# COMPLETE BIO-DATA DATABASE

*Custom based module added to the Portal*

---

We are looking forward to set up a robust bio data system to be added to the school portal for better and proper identification of all students. We have reviewed all the options and we know for sure what procedure that is best suited for the structure.

The implementation is to be added to the school portal to ensure proper security of information

Structural background

- Portal ID unique identifier
- Name search
- View postcard mode
- Attachments
- Custom forms

This process of data capture will be by STUDENT OR ADMINISTRATIVE.

Note: This feature will only be valid for use for only existing students. So you must have a unique ID before your data can be enrolled.

This project will cost a sum of N100,000 naira , 50% will be paid for its commencement and the remaining 50% for its completion.
